

March 24, 2015

FOR IMMEDIATE RELEASE

In conjunction with the upcoming reconstruction project on US-6&34 (Fourth Avenue) in Holdrege, the Nebraska Dept. of Roads will be detouring traffic onto 18th Avenue.

With this detour and the increase in traffic volumes, the following changes will be made at the intersection of 18th Avenue and Lincoln Street; starting March 25th, stop signs will be installed at the north-south approaches to 18th Avenue on Lincoln Street, creating an "All Stop" condition to get motorists used to the change.

On April 7th, the existing stop signs on the east-west approaches to Lincoln Street on 18th Avenue will be removed, creating a stop only condition on Lincoln Street. This stopping condition will be in effect for the duration of the project in which the detour is utilized.

The project is anticipated to be completed in fall of 2015.
